

THE PCI PUBLICATION MODEL FOR PROMOTING YOUR WORK

ON biofouling

"I'd rather see a video than read this boring poster"

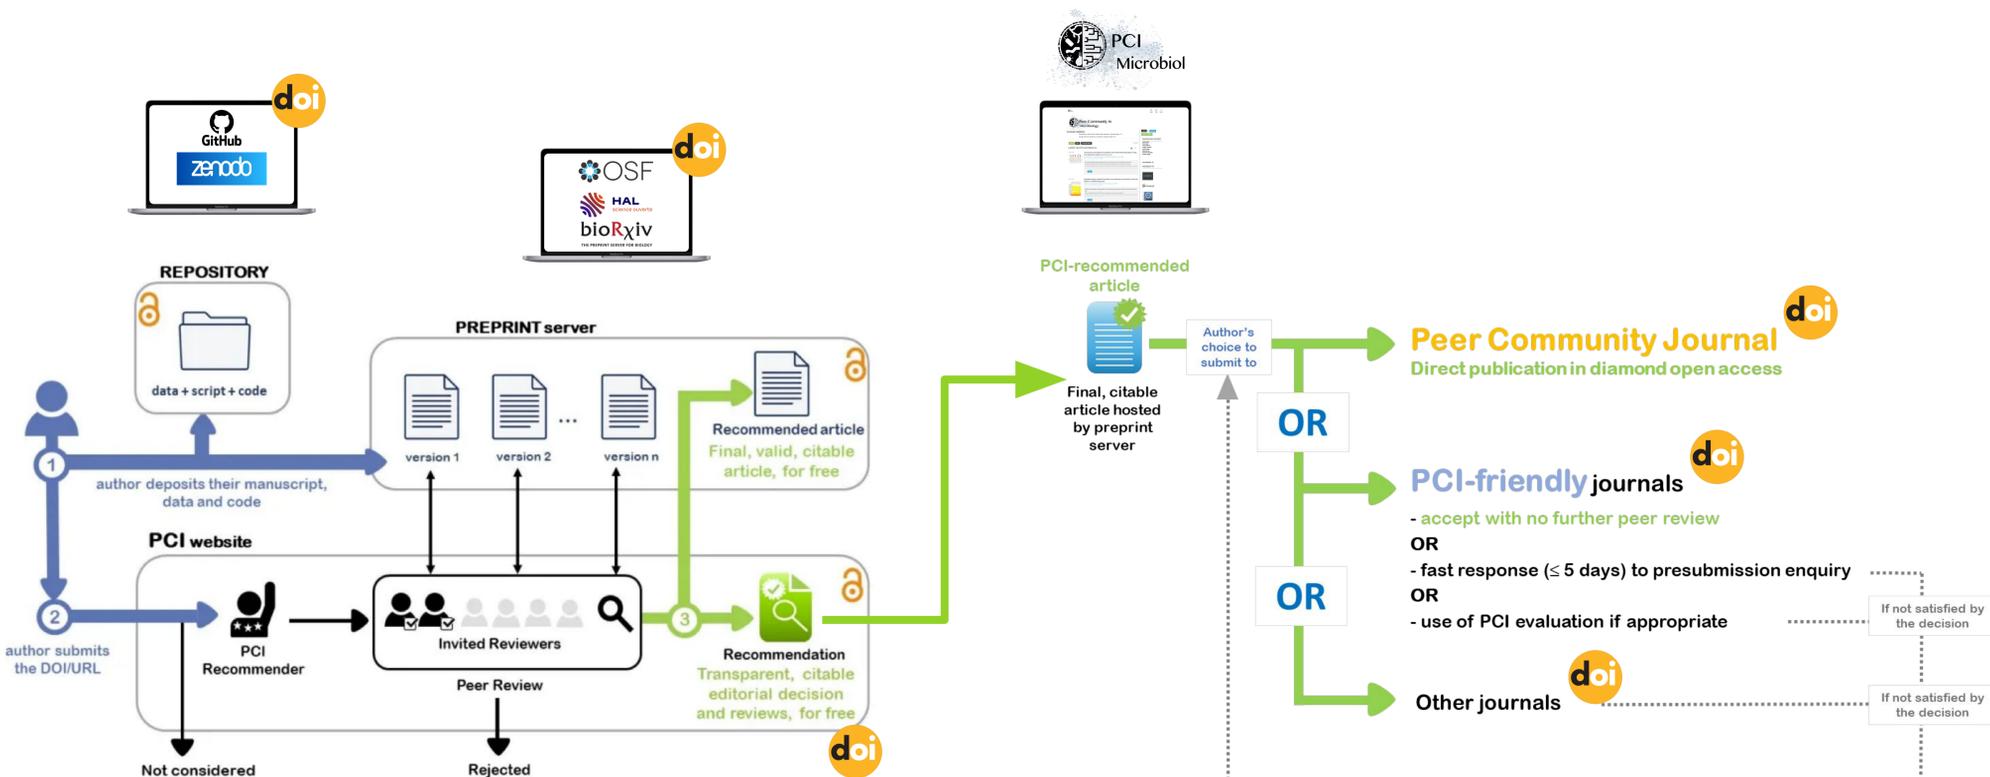

3'39

What : PCI is a non-profit organization offering peer review, recommendation and publication in open access for free

How : Deposit your preprint in any open archive and get a free recommendation after open and robust peer review. Reviews and responses are published on the PCI website if the preprint is recommended

Who : PCI is supported by: > 50 universities and major research institutes, 25 learned societies, 25 doctoral schools and many other institutions. These supports secure an operating budget for the next 10 to 15 years.

How does it work ?

Peer Community In in figures :

2000 recommenders (editors)

17 PCIs ; >130 PCI-friendly journals

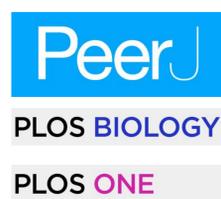

150 supporting organisations

(data december 2023)

PCI-friendly journals

Acceptance with no further peer review
OR response in 5 days
OR use of the PCI evaluation if appropriate

and many others...
